

Sacramento Health Information Management and Coding

TOGETHER WE ALL SUCCEED!				
Sacramento Health Information Management and Coding				
July 1, 2011 – June 30, 2012				
<p>Our goal is that Bryan's graduates are preferred by employers because they're dedicated, intelligent and immediately productive. Bryan College is dedicated to developing programs for careers with excellent job outlook and providing students with a pathway from admissions through leading-edge student-centric learning to productive employment.</p> <p>As a student, your dedicated, confident and enthusiastic effort to every part of your Bryan education is essential. Employers prefer graduates who demonstrate character and dedication while receiving their education. Go forward and make it work. The future is yours.</p> <p>We're all in this together. We'll be there. You be there. Let's work together to excel and succeed. You can do it! We can do it!</p>
